- ✓ Innovative design
- ✓ High quality materials
- ✓ User-friendly products
- ✓ Clever solutions
- ✓ In-house design and development
- ✓ Experienced experts

PARKING

- ✓ Durable, high quality powder coated material
- ✓ Special rubber feet to prevent from sliding
- ✓ Easy to move because of the convenient handle
- ✓ Maximum stability because of the total secure-system of the front wheel
- ✓ Suitable from 15 to 19 tire inches, tire width from 90 to 130 mm

**With the Acebikes SteadyStand® your motorcycle is firmly anchored in seconds.**

The SteadyStand® is suitable for 15 to 19 inch tires, with a tire width of 90 up to 130 mm. This makes the SteadyStand® ideal for home use. Because you can put your motorcycle upright, it doesn't take much space in your garage. The SteadyStand® is fully designed for total ease of use and quality. The unique and specially designed rubber feet prevent the SteadyStand® from sliding, and it is easy to move because of the convenient handle. The SteadyStand® is easy to store because of the small size and light weight materials.

- ✓ Durable, high quality powder coated material
- ✓ Completely adjustable without tools / easy-adjust system
- ✓ Special rubber feet to prevent from sliding
- ✓ Maximum stability because of the total secure-system of the front wheel
- ✓ Fully adjustable, also very suitable for bigger motorcycles
- ✓ Suitable from 15 to 21 inches, tire width from 90 to 200 mm

### With the Acebikes SteadyStand® Multi your motorcycle is firmly anchored in seconds.

This makes the SteadyStand® Multi ideal for home use. Because you can put your motorcycle upright, it doesn't take much space in your garage. The SteadyStand® Multi is easy to store because of the small size and light weight materials. The SteadyStand® Multi is fully designed for total ease of use and quality, and is completely adjustable without tools. This easy-adjust system is perfect when you own more than one motorcycle or if you want to switch between the front and the rear tire. The SteadyStand® Multi is suitable for 15 to 21 inch tires with a tire width of 90 up to 200 mm. The unique and specially designed rubber feet prevent the SteadyStand® Multi from sliding.

## SteadyStand® Fixed

- ✓ Durable galvanized materials
- ✓ Anchorable on any hard surface
- ✓ Including mounting hardware
- ✓ Maximum stability because of the total secure-system of the front wheel
- ✓ Adjustable for different wheel sizes, suitable for 10 to 19 tire inches, tire width from 90 to 130 mm

### The galvanized Acebikes SteadyStand® Fixed is designed to make clever use of gravity.

The SteadyStand® Fixed can easily be mounted onto the floor of a trailer or van. You can ride your motorcycle into the SteadyStand® Fixed to make it stand in an upright position. The weight ensures the motorcycle to be firmly anchored. The only thing left is to put the straps onto your motorcycle for a total secured position. The SteadyStand® Fixed is adjustable for different wheel sizes, suitable for 10 to 19 inch tires with a tire width of 90 mm up to 130 mm.

## The galvanized Acebikes SteadyStand® Multi Fixed is designed to make clever use of gravity.

The SteadyStand® Multi Fixed can easily be mounted onto the floor of a trailer or van. You can ride your motorcycle into the SteadyStand® Multi Fixed to make it stand in an upright position. The weight ensures the motorcycle to be firmly anchored. The only thing left is to put the straps onto your motorcycle to ensure a save and firm position. The SteadyStand® Multi Fixed is cleverly designed to be adjusted without tools. This easy-adjust system is perfect when you own more than one motorcycle or if you want to switch between the front and the rear tire. The Steady Stand® Multi Fixed is suitable for 15 to 21 inch tires, with a tire width from 90 up to 200 mm.

- ✓ Adjustable without tools  
easy-adjust system
- ✓ Fully adjustable and therefor also  
suitable for larger motorcycles
- ✓ Durable galvanized materials
- ✓ Ideal for using onto trailers or vans
- ✓ Maximum stability because of  
the total secure-system of  
the front wheel
- ✓ Including mounting hardware

# SteadyStand® Multi Fixed

TRANSPORT

The galvanized Acebikes SteadyStand® Cross basic is especially developed for transporting dirtbikes.

The SteadyStand® Cross basic makes clever use of gravity, which will ensure your Dirtbike from not moving or leaning over when you securing your Dirtbike on a trailer, pick-up or van. By using the SteadyStand® Cross basic, securing your motorcycle will become much easier and saver. This SteadyStand® is suitable for 18 to 21 inch tires and for tire widths from 90 up to 120 mm.

- ✓ Durable galvanized materials
- ✓ Specially developed for dirtbikes
- ✓ Keyholes in the sideframe for easy removal of the SteadyStand Cross
- ✓ Holds the dirtbike upright for easy lashing and securing

## The galvanized Acebikes SteadyStand® Cross is especially developed for dirtbikes.

The SteadyStand® Cross has a clever clamping device, which will ensure your motorcycle from moving or leaning over. This SteadyStand® is suitable for 18 to 21 inch tires and for tire widths from 90 up to 120 mm.

By using the foot pedal, your front wheel can be anchored to the stand. This makes it unnecessary to pull down your fork and damage the seals. By using the SteadyStand® Cross, you will only have to use tie-downs to secure the rear end of your motorcycle. The special foot pedal can be installed on both sides of the SteadyStand® Cross.

- ✓ Durable galvanized materials
- ✓ Specially developed for dirtbikes
- ✓ The footpedal is provided with a special secure lock-system
- ✓ Mounting bracket of choice for small or large cross tires
- ✓ Keyholes in the sideframe for easy removal of the SteadyStand Cross
- ✓ Multiple installation of the foot pedal

# SteadyStand® Cross

TRANSPORT

**The Acebikes Transport Tie-Down Rail Set secures any type of motorcycle to prevent it from moving during transportation.**

The sturdy tie-down rails, made of galvanized steel, are bolted (both on the left and right) to the floor of the trailer or van. This enables you to attach tie-down straps securely and in any position you wish. The Transport Tie-Down Rail Set comes with convenient carabiners and fitters.

- ✓ Fully galvanized steel to prevent rust
- ✓ Suitable for every motorcycle
- ✓ Possibility to secure on multiple points
- ✓ Sold in pairs, including carabiners and fitters

**Flexi Rail – Railset**

TRANSPORT

## Foldable Ramp

- ✓ Durable materials
- ✓ Light weight
- ✓ Special plastic parts to prevent scratches and damage to your vehicle
- ✓ Including a tension strap to secure the Loading Ramp during use

**This Acebikes foldable Loading Ramp is an extremely light weight and high quality ramp.**

Made of high quality aluminium for loading motorcycles onto a trailer, van or transporter. Suitable for all motorcycles weighing up to 340 kg. Because of the special plastic parts, it will not scratch or damage your vehicle. The Loading Ramp is provided with a durable rugged hinge to guarantee long durability. The total weight of the Loading Ramp is only 7,3 kg, therefor it is easy to fold for convenient, space-saving storage.

## Foldable Ramp + Handle

- ✓ Convenient carrying handle for easy carrying and storage
- ✓ Durable materials
- ✓ Light weight
- ✓ Special plastic parts to prevent scratches and damage to your vehicle
- ✓ Including a tension strap to secure the Loading Ramp during use

### This Acebikes foldable Loading Ramp with handle is an extremely convenient and light weight ramp.

Made of high quality aluminium for loading motorcycles onto a trailer, van or transporter. Suitable for any type of motorcycle weighing up to 340 kg. This Loading Ramp is provided with a unique and convenient carrying handle for easy carrying and storage. Because of the special plastic parts, it will not scratch or damage your vehicle. The Loading Ramp is provided with a durable rugged hinge to guarantee long durability. The total weight of the Loading Ramp is only 7,3 kg, therefore it is easy to fold for convenient, space-saving storage.

- ✓ Suitable for all motorcycles weighing up to 680 kg
- ✓ Durable materials
- ✓ Light weight
- ✓ Diamond plate for extra grip
- ✓ Including a tension strap to secure the Loading Ramp during use

### This Acebikes heavy-duty Loading Ramp is an extremely sturdy and firm ramp.

Made of high quality aluminium for loading motorcycles onto a trailer, van or transporter. Suitable for all motorcycles weighing up to 680 kg. Equipped with four beams for extra strength and a diamond plate for extra grip. The Loading Ramp is provided with a special and durable rugged hinge to guarantee long durability. The total weight of the Loading Ramp is only 12 kg, therefore it is easy to fold for convenient, space-saving storage.

## Foldable Ramp Heavy-Duty

TRANSPORT

- ✓ Automatic retraction of strap with one press on the button
- ✓ Resilient locking clips for extra security
- ✓ Comes with two loops
- ✓ Comes with handy carrying bag

### The Acebikes Automatic Ratchet Kit is perfect for securing any type of motorcycle.

Besides that, the Automatic Ratchet Kit is also ideal for securing medium-weight loads onto your motorcycle. The plasticized hooks are provided with resilient locking clips for extra security. Because of the new automatic retraction mechanism in this Automatic Ratchet Kit -which is extremely hard-wearing, durable and strong- there are no more flapping ends on the move. This Auto Ratchet Kit comes with a solid carrying bag for easy storage and 2 loops for safely securing the hooks to your motorcycle.

## Auto Ratchet Kit

TRANSPORT

## Ratchet Kit Heavy-Duty

- ✓ Fully galvanized heavy-duty ratchets
- ✓ Heavy duty plasticized hooks
- ✓ Resilient locking clips for extra security
- ✓ Comes with two loops
- ✓ Comes with handy carrying bag

**The Acebikes Ratchet Kit is perfect for securing any type of motorcycle.**

The solid plasticized hooks are provided with resilient locking clips for extra security. The heavy duty galvanized Ratchets and extra strong PES webbing, guarantees durability and heavy-duty work load. This Ratchet Kit comes with a solid carrying bag for easy storage and 2 loops to create a hook point on your motorcycle anywhere you want.

- ✓ Durable and extremely firm material
- ✓ Prevents damage while hooking
- ✓ Easy to use
- ✓ Create hookpoints anywhere you want

**With the Acebikes Loops Set, you can create a hookpoint anywhere you want.**

To attach your lashing without risking any kind of damage to your motorcycle. This makes the Loops Set ideal for the transport of your vehicle. Because of the durable and extremely firm materials used, this Loops Set is built to last.

TRANSPORT

## TyreFix

- ✓ Easy to attach
- ✓ Durable materials
- ✓ Special friction material to prevent moving
- ✓ Suitable for every tire size
- ✓ Solid carrying case included, with zipper and carrying handle
- ✓ Fully sectioned construction for easy attach and detach

The Acebikes TyreFix is a tie-down set with a special tie-down strap system for securing any type of motorcycle on a trailer, van or transporter.

The TyreFix ensures secure fixing and total protection. The flexible and durable material suits every tire size. To prevent your motorcycle from moving, the TyreFix system is provided with special friction material. The construction is fully sectioned and therefore easy to attach and detach.

- ✓ Durable and extremely firm material
- ✓ Light weight
- ✓ Locked by a firmly click system
- ✓ Suitable for every motorcycle
- ✓ Adjustable into different positions

**The brake lever jammer BrakeFix is used to lock the front brake for all types of motorcycles.**

The BrakeFix is wrapped around the brake lever and handlebar. It is easy to use, and with the firmly click system used, it is a safe and secure way of parking and transport your motorcycle. The BrakeFix is perfect for parking your bike on the road, on steep slopes and mountain trails. Your motorcycle stands firmly on any surface because of the durable material and clever design used. The BrakeFix also helps to prevent costly mishaps in transport.

# HANDLING

- ✓ Easily lift and move your motorcycle
- ✓ Light weight and durable materials
- ✓ Perfect for use in narrow spaces
- ✓ High quality 4x75 mm swivel wheels
- ✓ Foldable for easy storage
- ✓ Adjustable without tools
- ✓ Suitable for motorcycles with wheelbase from 130 to 153,5 cm

### The Acebikes U-Turn Motor Mover helps you to easily lift and move your motorcycle.

The U-Turn Motor Mover is adjustable without any tools and is therefore easy to adjust to the size of your motorcycle. No need to ride your motorcycle onto the mover itself, just easily place the U-Turn Motor Mover in the right position and lift up your motorcycle. Because of the light weight and durable materials, the U-Turn Motor Mover is easy foldable for storage. The high quality 75 mm swivel wheels make the U-Turn Motor Mover easy to move and therefore perfect to use in narrow spaces (f.e. a small garage).
